Pegaz Mg DETOX program

If we really want to remove the accumulated toxins and negative feelings in our body, simply changing our alimentary practices or following special diets is not enough. We have to understand and adapt our entire lifestyle. The Atlantida Boutique Hotel and Donat Mg help you restore your vital energy and cleanse your body, giving your health and youthful vitality.

Do you suffer from allergies and frequent headaches? Are you under stress every day? Do you feel tired for no reason? Do your arms and legs feel heavy? Do you have problems with your liver or gallbladder? Do you suffer from poor digestion? And what about your immune system? Has it weakened? If you are answering yes to any of these questions, try our DETOX program, which is aimed at all those who cannot find the time to eat correctly or listen to their body in their hectic and stressful day-to-day life.
